ACER										
buergerianum 'Goshikikaede' ST		P.O.A.		P.O.A.						
Irregular patterned variegated leaves of cream, white and pink. Very attractive.										
campestre MT	multi			P.O.A.						
<i>(Field Maple)</i>	300-350		175	135.00						
Medium size tree, foliage	6-8	8.95								
turns to clear yellow, flushed	8-10	11.95	50	58.00						
red in Autumn. Round	10-12	16.50	50	68.00						
headed tree, with corky	12-14	38.00	85	82.00						
light brown branches.	14-16	48.00	85	95.00						
Tolerant to most types of	16-18	65.00	85	125.00						
soils. Multi-stem also	18-20	88.00								
available	20-25	135.00								
	25-30	P.O.A.	850	P.O.A.						
campestre 'Carnival' ST				P.O.A.						
Bright pink leaves maturing to cream/green centre. Prefers shade.										
– 'Elsrijk' ST	8-10	13.75	50	60.00						
An improved form of <i>Acer</i>	10-12	16.95	50	70.00						
<i>campestre</i> , fast growing.	12-14	35.00	85	85.00						
Good small street tree. Dark	14-16	48.00	85	98.00						
green leaves, oval crown.	16-18	75.00	85	120.00						
	18-20	95.00								
	20-25		1500	P.O.A.						
– 'Postulense' ST				P.O.A.						
Golden leaves with a hint of pink when young. Avoid scorching. Full sun tolerance once established.										
– 'Pulverulentum' ST				P.O.A.						
Leaves mottled with orangey- pink, greens and creams. Before being established take care in the sun.										
– 'Queen Elizabeth' MT	8-10	P.O.A.	50	60.00						
A sport of <i>A. campestre</i>	10-12	P.O.A.	50	75.00						
with tight ascending	12-14	P.O.A.	85	90.00						
branches. Good street tree.	14-16	P.O.A.	85	110.00						
	16-18	P.O.A.	100	150.00						
– 'Silver Celebration' ST				P.O.A.						
A sport from <i>Acer c. Carnival</i> . Less striking but much more tolerant and adaptable. Attractive silver variegated leaf margin.										
capillipes ST	6-8	10.50	15	29.00						
Small tree with striated bark,	8-10	11.95	25	48.00						
with coral-red young growth.										
Good Autumn colour.										
cappadocium 'Aureum' MT	8-10	P.O.A.	25	48.00						
An outstanding variety, producing golden-yellow leaves.										
	10-12	P.O.A.	50	72.00						
	12-14	P.O.A.	85	140.00						
– 'Rubrum'	6-8	10.95	15	29.00						
<i>MT-LT</i>	8-10	18.95	25	48.00						
Medium size tree, with	10-12	25.00	50	72.00						
blood-red foliage in Spring	12-14	55.00	85	125.00						
changing to green	14-16	P.O.A.								
throughout the Summer and	16-18	P.O.A.								
clear yellow by Autumn.										
conspicuum 'Silver Cardinal' ST				P.O.A.						
This <i>Snakebark</i> maple has stunning pink and cream variegated foliage highlighted by the red petioles and young stems. Requires dappled shade.										
– 'Silver Vein' ST				P.O.A.						
With its rich purple and white striped. <i>Winter bark it is one of the best Snakebarks for gardens.</i>										
davidii ST (Snakebark)	6-8	10.50	15	29.00						
The <i>Snakebark</i> tree with	8-10	17.95	25	52.00						
attractive green and white	10-12	26.95	50	79.00						
striations. Green and red	12-14	P.O.A.	85	120.00						
fruits hanging on branches										
in Autumn.										
davidii 'Serpentine' ST				P.O.A.						
Purple and white striped bark with smaller leaves. This <i>Snakebark</i> has a gentle arching habit. Winged seeds are produced creating a very attractive contrast. Superb orange Autumn colours.										
ginnale LS-ST	6-8	8.95	15	32.00						
Vigorous bright green	8-10	15.50	25	58.00						
leaves turning orange and	10-12	21.00	50	79.00						
vidid red in Autumn.	12-14	P.O.A.	85	125.00						
Spreading habit.										
griseum ST			multi	P.O.A.						
A lovely tree with peeling bark, revealing cinnamon bark. Red Autumn tints.

CERCIDIPHYLLUM

japonicum ST (*Katsura Tree*) P.O.A.

A very attractive Japanese tree of medium size. Pink or pale yellow Autumnal shades. It has a sweet pungent aroma rather like burnt sugar.

japonicum 'Heronwood Globe' ST P.O.A.

A rounded shrub – small tree. Lovely Autumn colour and strong aromas.

CERCIS

<i>canadensis</i> (<i>Judas Tree</i>)	multi			P.O.A.
Pale pink flowers	150-180		50	85.00
siliquestrum.	6-8		15	31.00
Abundance of rosy-lilac flowers. Red seed pods.	8-10		55	58.00
	10-12		55	79.00
	12-14		85	98.00

– 'Forest Pansy' ST P.O.A.

A wonderful rounded small tree. Deep heart shaped foliage, very glossy. Autumn tints. Very hardy. Flowers are produced following warm weather.

chinensis 'Avondale' ST P.O.A.

Fairly slow growing with sturdy upright habit. It produces masses of bright pink flowers.

reniformis 'Oklahoma' ST P.O.A.

A wonderful specimen with purple/pink flowers. It benefits from a sunny site with well-drained soil.

– 'Texas White' ST P.O.A.

A small tree with pure white flowers in early Spring and dark green heart shaped leaves.

siliquastrum (*Judas Tree*). Clusters of blue, purple, pink flowers against glaucous blue leaves. 400 500 P.O.A.

CLEREODENDRON

trichotomum *ST* P.O.A.
A large shrub with ideal Autumnal effect. White very fragrant flowers in late Summer, enclosed in maroon calyces. Followed by bright blue berries.

– **'Carnival'** *ST* P.O.A.
Variegated form with striking gold margins. Very effective.

– **'Fargesii'** *ST* P.O.A.
An attractive large shrub for Autumn interest. White flowers in maroon calyces in August. Flowers followed by metallic blue berries.

Cornus – see Shrub section

CORYLUS

avellana *'Hazel'* 6-8 P.O.A. 15 29.00
Small many stemmed tree 8-10 P.O.A. 25 42.00
Small many stemmed tree draped with yellow lambs tails in February. Yellow leaves in Autumn.

colurna *LT* (*Turkish Hazel*) 6-8 12.95 15 31.00
Attractive cork-like bark. 8-10 16.95 25 56.00
Pyramid form 10-12 22.00 55 88.00
12-14 35.00 85 105.00

	20-25	P.O.A.	400	P.O.A.
	25-30	P.O.A.	550	P.O.A.

– Variegata	10-12		55	85.00
Leaves striped and mottled yellow. Previously listed as 'Aurea'.	12-14		85	120.00

– Worpolesdon	8-10		55	75.00
Leaves with long narrow lobes, orange and yellow in Autumn.	10-12		55	85.00
	12-14		85	120.00
	20-25		750	P.O.A.

– albomarginata 'Manon' <i>MT</i>				
Lovely tree producing purple Autumn colour with variegated effect with creamy-white margins.				

LIRIODENDRON

tulipifera <i>LT (Tulip Tree)</i>	6-8	15.50	15	29.00
Tulip-shaped flowers, leaves turning golden in Autumn.	8-10	25.00	25	52.00
	10-12	36.00	55	89.00
	12-14	50.00	85	129.00
	14-16	65.00	85	195.00
	16-18	98.00	85	195.00
	18-20	125.00		
	20-25	185.00	225	250.00
	25-30	260.00	250	285.00
	30-40		800	P.O.A.

– Aureomarginata	8-10		55	85.00
Leaves bordered with bright yellow turning greenish by late Summer. Very striking.	10-12		85	135.00
	12-14		85	160.00

– Fastigiata 'Pyramidale'	8-10		55	85.00
Erect tree of broadly columnar habit. Ideal when in restricted space but height required.	10-12		85	135.00
	12-14		85	160.00

grandiflora *ST*550 *P.O.A.*

A magnificent evergreen usually grown as a wall shrub. Glossy green leaves sometimes reddish-brown beneath. Fragrant creamy-white flowers up to 25cm across produced in Summer and early Autumn.

Kobus *ST*550 *P.O.A.*

A very hardy large shrub or small tree. The fragrant white flowers do not appear for 12 to 15 years. Adaptable to most soil types, even chalky soils.

liliflora '**Nigra**' *ST*550 *P.O.A.*

A compact medium shrub. Flowers which are deep vinous-purple outside, creamy-white stained purple inside lasting from Spring to Summer.

loebneri '**Leonard Messell**' *ST*350 *P.O.A.*

A majestic tall shrub or small tree. it produces lilac-pink flowers which are deeper in bud.

sieboldii *ST*350 *P.O.A.*

A large wide-spreading shrub with glaucous leaves, hairy underneath. The crimson fruit clusters make it very attractive. The flower buds are oval-shaded but then turn outwards presenting a white fragrant flower appearing intermittently from May to August.

soulangiana *ST*400 *P.O.A.*

A large shrub with numerous wide-spreading stems. Flowers appear before the leaves, in April to May. They are white, tulip-shaped with rose-purple at the base.

stellata *ST*500 *P.O.A.*

A delightful Japanese shrub, usually more wide-spreading than tall. It forms a compact rounded specimen with white fragrant flowers during March and April. Grey hairy buds during the Winter months.

'Susan' *ST*350 *P.O.A.*

A medium sized shrub of upright habit. Deep red-purple flowers which are slightly paler when the buds open and also paler within, with up to six tepals.

MALUS

'Aldenhamensis' <i>ST</i>	6-8	10.95	15	28.00
Purplish leaves becoming	8-10	14.50	25	49.00
bronze-green in late	10-12	25.00	55	69.00
Summer. Semi-double	12-14	68.00	55	79.00
deep red flowers followed	14-16	58.00	85	89.00
by purple-reddish fruits.	16-18	125.00

	20-25	P.O.A.		
	25-30		350	<i>P.O.A.</i>

'Almey' *ST*

Large red flowers with white centre, bronze leaves, orange-red fruit with crimson 'splash'.

'Atrosanguinea' *ST*

Rose-pink flowers, yellow fruit flushed red. Mushroom shaped tree.

'Dorothea' *ST*

Clear pink semi-double flowers followed by small yellow fruits.

MALUS

'Echtermeyer' (*Purpurea Pendula*) *ST*

Rose-crimson flowers with weeping branches, bronze-green leaves. Reddish-purple fruits.

'Eleyi' *ST*

Bright red flowers. Leaves purplish.

'Floribundia' (*Japanese Crab*) *ST*

Pale pink flowers with red and yellow fruits. Long arching branches.

'Golden Harvest' *ST*

White flowers, green leaves.

'Gorgeous' *ST*

Pinkish-white apple blossom flowers in Spring, green leaves. Green fruits turning to red and yellow.

'Hillieri' *ST*

Semi-double pink flowers.

'Hopa' *ST*

Large purple-red flowers, green leaves with orange-red fruits.

'Hupenhensis' *ST*

Buds pink in May-June. Fragrant soft pink flowers, spring white, followed by deep red fruits.

'John Downie' *ST*

White flowers, followed by large, orange-red conical fruits.

'Lemoinei' *ST*

Dark red flowers, bronze leaves.

'Liset' *ST*

Lovely rosy-red flowers, glossy crimson fruits. Purplish leaves.

'Mahakamik'

Lilac-pink flowers, bright red fruits with dark green leaves.

'Profusion' *ST*

Dark red flowers, purple leaves. Small dark purple fruits.

'Red Sentinel' *ST*

White flowers, glossy green leaves, bright red fruits.

'Van Eseltine' *ST*

Large pink flowers, bright red-golden fruits, green leaves.

'Winter Gold'

Pure white flowers with abundance of clear yellow fruits. Shiny green leaves.
